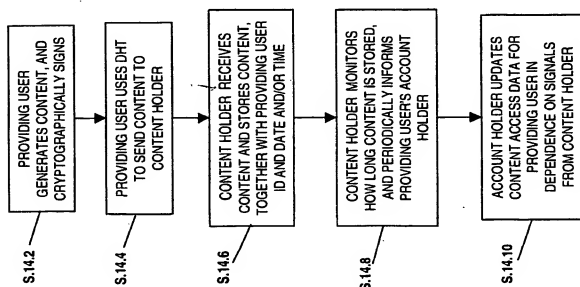

Figure 14

The diagram illustrates three tables representing data for Topic 'A', Topic 'B', and Topic 'C'. Each table has columns for Thread title, Message, and Views. Topic 'A' has 170 rows, Topic 'B' has 172 rows, and Topic 'C' has 174 rows. The tables are arranged horizontally, with Topic 'A' on the left, Topic 'B' in the middle, and Topic 'C' on the right. The 'Thread title' column is on the left, 'Message' is in the middle, and 'Views' is on the right. The 'Usage Utility' column is on the far right of each table.
